ANNOUNCEMENTS

City Manager Charles Lawson offered congratulations to Public Works employee Valentin Vallejos, who retired after 15 years of service. He also thanked Police Chief Nishisaka and the Milpitas Police Officers Association for the recent retirement reception given for him.

Mayor Esteves congratulated Mr. Lawson upon his retirement as the Police Chief (currently City Manager) and noted several of his achievements including making Milpitas one of the safest cities in the state.

Councilmember Polanski thanked the community for turning out for the November 11 Veterans Day celebration, and the new benches installed at Veterans Park were terrific for the City.

Mayor Esteves offered thanks to all military veterans in the City.

Councilmember Giordano highlighted Gerald Rosenquist, one of the newly appointed members on the Terrace Gardens Board of Directors. She noted hard work that Terrace Gardens Board of

Directors was doing at its Board met twice each month. She acknowledged by name all members of the Board.

Councilmember Giordano then read aloud the following statement:

“In an effort to ensure that this Council moves forward on the people’s business and to support Councilmember Polanski’s request to cancel the December 20 meeting, I am requesting that we have two special meetings on Monday the 28th and Tuesday the 29th and that we add two agenda items for the special meeting on Wednesday the 30th.

The agenda item I am requesting for Monday and Tuesday is: the Mayor’s recommendations to the Open Government subcommittee and the Council consideration.

The additional agenda items for Wednesday the 30th are one, again 1) Mayor’s recommendations to the Open Government Subcommittee and Council consideration; and, the second item would be 2) the Vice Mayor’s recommendations to the Open Government subcommittee and Council consideration.

I believe that this process has dragged on too long. After the last meeting, I understood that the Mayor would return this meeting with more recommendations. I was disappointed to see that there was nothing on the agenda. I do not believe that we should drag this out any longer and I believe it must stop.

The residents of Milpitas expect us to do our job and they deserve to have to us to do it. For the record, I cannot support canceling any meetings when we have important unfinished business, even though it would make my life a lot easier during the Christmas week.

Mr. Mayor, I am asking you to deal with this issue in a professional manner. The time for politics is over, face the realities of the situation and I hope you will avoid any extra meetings. I hope that we can start the new year fresh with a new perspective. I ask that this rests in your hands, Mr. Mayor.”

Councilmember Polanski clarified that the meeting schedule was business as usual and that she had not made any formal request to change the Council’s schedule.

Mayor Esteves offered congratulations to the India Community Center on the second anniversary of the facility, with its theme “building for tomorrow.” He announced the next event in Milpitas was the Berryessa Creek Trail opening ceremony on Saturday, November 19 at 10:30 AM.

This requires an increase to the existing \$24,000 purchase order to cover the increased services necessary to accommodate additional participants.

PUBLIC HEARINGS

2. Approve Vesting Major Tentative Map (MA2005-2) to Subdivide 4.56 Acres Into 12 Parcels For a Proposed Multi-family Residential Development with 147 Condominium Units for the Property Located at 1696 So Main St. (APN 86-34-017) and Montague Expressway

Associate Planner Staci Pereira presented the map and project proposal. The lots identified on the map would be for a condominium development. She described the parcel layout and current buildings on it. Proposed were 19 residential buildings, four stories each, with recreation, trash collection, driveways and additional features.

The new site plan was displayed with all entries in/out of the project area described. It was reviewed on October 12 by the Planning Commission, which recommended approval to the City Council, with some conditions added.

Mr. Pat Brown of Oak Springs Investment, representing the applicant, presented further detail on the residential project. He displayed site plan with buildings and landscaping, stating units would be an average of 1400 sq. ft. (32 units/acre) for high density housing.

Mayor Esteves inquired about driving access on Montague, asking if this issue was something the City had been in contact with the County regarding. Staff responded positively and also explained that the Fire Department approved the access proposed in the plan. No residents will enter or exit the site on the Montague side (only emergency vehicles). The Mayor had further questions about the style/type of tiles on roofs.

Councilmember Livengood inquired whether it was typical to divide up property into lots as shown. Staff replied it was done for financing. Mr. Brown further expressed that this lot layout was often done for banking, and consideration of collateral purposes.

Mayor Esteves opened the Public Hearing to receive any testimony.

Mr. Don Peoples, Downtown Association, stated the developer came to the Downtown Association last month, and overall the group was favorable in response to the project proposal. He liked that it was family friendly, and that it honored the Handcraft Tile originators. He and his group were in support the project.

**RA 5. Review of Proposal
from Senior Housing Solutions
to Provide 20% Low-Income
Housing Set-Aside Funds for
the Acquisition of a Single-
Family Residence to develop
affordable housing for seniors**

Housing Planner Felix Reliford stated the City had recently received a request from Senior Housing Solutions to purchase a single family residence, maintain it, and offer it to low-income senior residents only. Staff gave an overview of the Senior Housing Solutions organization. Also, Mr. Bob Campbell, Executive Director of Senior Housing Solutions, was present to respond to any questions from the Council/Agencymembers.

If approved by the Redevelopment Agency, the applicant must execute a Regulatory Agreement, which required long-term affordability restrictions for this project for a period of 99 years.

Councilmember Giordano asked the developer where this type of project had been done in the past. Mr. Campbell responded that six other cities had projects which included RDA funding in the senior housing project.

Councilmember Giordano further inquired whether the City would define residents for the project to come from within Milpitas only. Staff replied that the proposal had a gap in needed funds, so some compromise might need to be reached. Mr. Reliford explained that federal housing law says no discrimination, while the City can give preference to Milpitas residents.

Councilmember Livengood stated he would support the project. Seniors have different lifestyles and tastes (i.e. Terrace Gardens vs. single family house). He wanted to see what happened with the residence house and how successful it would be for the community. He felt neighborhoods like this arrangement, that it was welcome.

Councilmember Polanski asked what was the maximum that could be requested, from the Community Development Block Grants for this project? 65% of CDBG funding was for non-public services, such as housing. Her recommendation was to ask for more.

Mayor Esteves reiterated that non-public CDBG services funds for Milpitas was around \$465,000. He asked staff who were the recipients. Mr. Reliford replied that he would have to review previous funding list for a complete answer. The Mayor stated that he was not comfortable with the CDBG part of recommendation, since there are other groups already who seek funding.

Councilmember Livengood stated that if this project was approved tonight, it did not mean the City cannot fund other CDBG applicants.

MOTION: approve the following actions:

1. Approve the allocation of \$250,000 from the RDA 20% Low-Income Housing Set-Aside funds to financially assist this project.
2. Direct staff to prepare a letter to the Housing Trust Fund of Santa Clara County in support of this project and the allocation of \$100,000 provided for affordable housing in Milpitas.
3. Direct Senior Housing Solutions to apply for Community Development Block Grant funding to financially assist this project during the next funding cycle (in January 2006).
4. If approved, the applicant must execute a Regulatory Agreement, which required long-term affordability restrictions for this project for a period of 99 years.

Motion/ Second: Agency/Councilmember Livengood/Agency/Councilmember Giordano

Mayor Esteves stated his preference for single family homes for seniors, but also was concerned about the direction on the CDBG funding.

Motion carried by a vote of:

AYES: 3

**6. Approve the Budget
Appropriation For a New
Capital Improvement Project
Entitled Abel St/ South Main
Street Plan Line Study, Project
No. 4230, and Conceptual
Approval of Proposed Traffic
Impact Fee For New
Developments**

Principal Engineer Jaime Rodriguez discussed the proposed new Capital Improvement Project in the noted traffic area and the request for approval of a traffic impact fee assessment.

He discussed recent housing and traffic developments in the Abel Street area. Full or Partial or Limited Access could be granted for the driveway access in and out of the new developments. Proposed streetscape elements would beautify the area and improve safety for residents. Staff displayed the recommended Plan Line of the study area, including location of the medians proposed.

Councilmember Livengood inquired whether there were sidewalk issues at south end of Main St. Staff stated there would be sidewalks all the way to Cedar. Also, there was an automatic need for a developer to build sidewalks at new developments. Mr. Livengood suggested a lot of traffic safety devices be installed and tested in this area of the City.

Mr. Rodriguez thanked the Council Traffic Subcommittee and the Planning Commission, for their full support given to this new Project.

Mayor Esteves inquired whether this was part of the total Midtown streetscape improvement. Staff replied that it was within the MidTown region, but these elements were not included of the Mid Town Specific Plan.

MOTION: approve the following actions

1. Approve a new Capital Improvement Project No. 4230, Abel Street/South Main Street Plan Line Study, and
2. Appropriate \$150,000 from the Street Fund to be applied to this new project.

Ordinance No. 43.202,
Amending the Traffic Code, to
Change Speed Zones
Boundaries and Speed Limits
on Calaveras Blvd/Rd Between
Sinclair Freeway I-680 and
City's Easterly City Limits**

Principal Engineer Jaime Rodriguez discussed speed limits on four segments of Calaveras Rd/Calaveras Blvd. Speed surveys were required every seven years, while in this City surveys had been done every five years. He displayed information on current speed limits, and provided the proposed changes on the road segments. Additionally, two vehicle speed feedback signs were suggested to encourage drivers to slow down.

Staff request was for speed limits at 35 mph, in three locations. This issue was previously presented to the Council's Traffic Subcommittee, which fully supported the

recommendation to approve an Amendment to the Traffic Code, changing speed zone boundaries and speed limits on Calaveras Blvd/Rd between Sinclair Freeway (I-680) and City's Easterly City Limits.
